

# St Patrick's Science Principles LKS2

## In LKS2 we:

- Enjoy the process of learning about Science
- Use scientific skills to learn about topics
- Think of the outcomes of each experiments before we do them
- Record our learning to help us remember
- Ask questions so we can have a better understanding
- Work together and learn from each other
- Link our learning to other subjects e.g. Maths or ICT
- Learn about topics that are relevant to us
- Have a say in what we learn

## Our Enquiry Wheel:
