Knowledge Organiser: What is the geography of where I live?

map	A map is a drawing of a place. It shows where things are.
local	The area close to where we live.

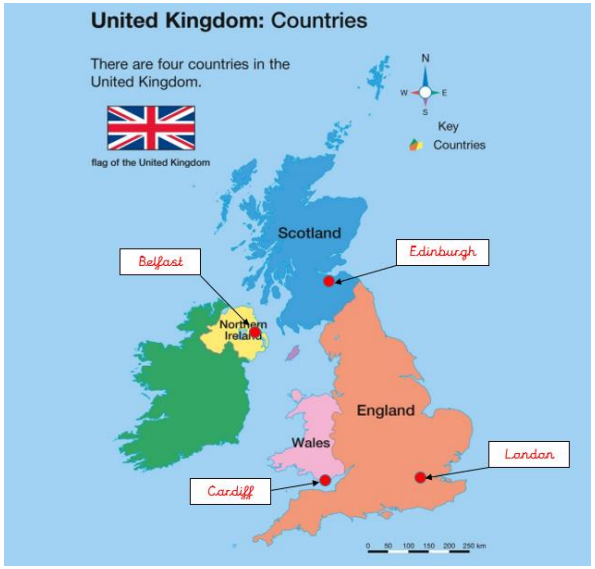

A map always shows things from a bird's eye view, from the air.

map symbols	A picture that is used to represent a real-world feature on a map.
key	A little box of information that explains what the different symbols on the map mean.

compass directions	Directions we use when reading a compass.

England

Wales

Scotland

Northern Ireland
